

Bulldog Steering Wheel Lock

**Designed and
Manufactured
in England**

**Official Sponsors of
The Bulldog Rally
A Round of The MSA
National Gravel
Championship**

Features:-

1. Robust construction, quick and easy to fit to most steering wheels, with or without an air bag.
2. Highly developed, British lock, 10 pin drill and pick resistant with a million plus key combinations.
3. Bright yellow powder coated body, with plastic dipped hooks to cradle steering wheel.
4. No keys needed to fit the Bulldog, simple snap shut lock.
5. Restricts steering wheel movement, making driving away with lock fitted almost impossible.
6. Multi fit holes to fit a variety of steering wheel diameters.
7. Prevents the theft of air bags.
